# ABOUT US

## Who We Are

At **MATRIX**, we believe that hygiene is health. And that health, in turn, is the key to more profitability and sustainability. In agriculture, healthy animals ensure a higher return on investment for farmers. In the food industry, health and safety lead to better business, in line with all regulations. Overall, end consumers will always benefit from a healthy food chain, leading to greater wellbeing.

That's why we make hygiene and cleaning products. And we do it in the most effective way, as a trusted partner of farmers and food professionals. Not only do we offer a broad range of products for specific purposes, we also give advice that's fully tailored to each situation and every step in the chain. To come up with the right hygiene solutions, we build solid relationships with our distributors, offering them continuous support.

Moreover, we always stay ahead by investing in research and development and by sharing our innovations with our partners. This way, we make sure that they don't need to worry. Because we help them focus on what's truly essential: keeping their business healthy.

**MATRIX** has developed a complete range of cleaning products for Food Service, Warewashing, House Keeping, Carpet Care, Floor Care, Healthcare, Personal Care, Laundry, Dry Cleaning, Food and Beverage Plants, Dispensing Solutions and Public Restrooms Care. Specific products for specific uses are backed up by a rigorous hygiene programme. This approach is supported by a number of tools and a system that develops products into innovative solutions and turn users into professional experts.

We are here to render clean into a system

# CHEMICAL PRODUCTS

# FOOD SERVICES

Excellence Solutions offers comprehensive cleaning systems and products for your foodservice operations, guarantees a germ free environment to guard the health of your high profile customers.

## KM-1

READY-TO-USE OVEN AND GRILL CLEANER

High performance oven, grill and fryer cleaner formulated for effective removal of baked-on carbon and grease deposits. KM1- is produced using food grade alkaline ingredients for safer application on food processing equipment.

Packaging: 5 L

## KM-2

CONCENTRATED OVEN AND GRILL CLEANER / DECARBONIZER

Efficient formula offered for your fryer and pot degreasing challenges ,its formulated with to remove heat- modified food residues as it attacks the toughest baked on carbon and grease deposits, its high concentration of alkali content allows for its dilution with water to produce low-in-cost oven and grill cleaners.

Packaging: 5 L

## KM-3

CONCENTRATED MULTI-PURPOSE KITCHEN DEGREASER

Concentrated all-purpose cleaner and degreaser for floor & exhausted hoods ,this non-butyl cleaner degreaser will quickly remove animal , vegetable and petroleum oils and greases in industrial food processing areas and commercial kitchens while its non-corrosive profile at use-dilution ratios provides increased safety for the users.

Packaging: 5 L / 25 L

## KM-5

HIGHLY PERFUMED ALL-PURPOSE CLEANER

Highly perfumed Pine /Citrus base cleaner, degreaser for general purpose cleaning applications on all surfaces. Leaves a long lasting fresh fragrance, a concentrated formula that creates a powerful synergistic cleaner which will effectively and safely clean all washable surfaces.

Packaging: 5 L / 25 L

# FOOD SERVICES

## KM-6

CONCENTRATED SANITIZER FOR FOOD CONTACT SURFACES

Highly concentrated All-purpose surface & utensils sanitizer for food contact surfaces, formulated using two types of quaternary ammonium compounds for optimum disinfection and rinse-free sanitizing applications. KM6- is an excellent choice for sanitizing food utensils, counter-tops, tables and drinking glasses. KM-6 is effective in both soft and hard water conditions against Pseudomonas aeruginosa, Escherichia coli, Salmonella typhosa, streptococcus faecalis, Shigella dysenteriae, Proteus mirabilis and Aspergillus Niger.

Packaging: 1L RTU / 5 L / 25 L

## KM-7

ANTIMICROBIAL FRUIT AND VEGETABLE WASH

An ideal 3 minute rinse-free vegetable & fruit sanitizer formulated with active Hydrogen Peroxide & Peracetic acid. Controls the growth of spoilage and Decay Causing Non-Public Health Organisms on vegetable and fruit surfaces and in Wash or Process Waters. Is offered as concentrated liquid in close-system packaging that can only be dispensed via designated mixing units for optimum user-safety.

Packaging: 5 L

## KM-8

OIL BASE STAINLESS STEEL POLISH

KM-8 is an oil-based, ready-to-use cleaner and polish for use on stainless steel non-food contact surfaces and other metal surfaces, such as brass, aluminum and copper. Ideal for use on refrigerator doors, handles, trolleys and dishwashing machines. Leaves the surface clean and shiny.

Packaging: 1 L

## KM-9

CONCENTRATED MANUAL DISHWASHING DETERGENT

KM-9 is a highly concentrated manual dishwashing liquid detergent that delivers effective and gentle on hands solution at use dilution, it produces mounds of long lasting suds.

Packaging: 5 L / 25 L / 30 L

# FOOD SERVICES

## KM-10

NON-CHLORINATED SOAKING POWDER

Silver Dip is specially formulated to remove tarnish and oxidation from silverware and stainless steel within few seconds just by dipping while bringing the highest gloss and luster back to silverware.

Packaging: 5 L

## CREAM POLISH

HEAVY DUTY CLEANSER FOR STUBBORN STAINS

CREAM POLISH is a heavy duty cleanser designed for the toughest jobs, contains a mild abrasive, similar to jeweler's grade pumice. Which provides deep cleaning action. Ideal for cleaning porcelain, ceramic tiles, stainless steel, fiberglass, and Formica.

Packaging: 1 L

## HYPO

INDUSTRIAL GRADE SODIUM HYPOCHLORITE

A %6.5 sodium hypochlorite bleach for use in general applications where the extra destaining power of active chlorine is desired. Add 5-3 ml for each 1 kg of heavy soiled laundry in bleach cycle (50 ml for 10 kg washer).

Packaging: 5 L / 25 L / 30 L

## SANITOL

PINE BASE DISINFECTANT

SANITOL is a pine base all-purpose deodorizing sanitizer for walls and floors in kitchen surfaces; SANITOL provides effective sanitation against micro-organisms while delivering odor neutralizing properties.

Packaging: 5 L / 25 L / 30 L

# WARE WASHING

We go the extra mile to maximize the efficiency and results of your ware washing operations. Our state-of-the-art dispensers and products will provide you with a clean, sanitized and sparkling dishes and glasses.

## KM-12

### CONCENTRATED DISHMATIC DETERGENT

KM12- CONCENTRATED dishmatic detergent is a blended liquid specifically formulated for use in commercial dishwashing machines, Effective in all water hardness conditions.

Packaging: 25L

## KM-13

### CONCENTRATED DISHMATIC RINSE AID

KM-13 concentrated dishmatic rinse aid and disinfectant is formulated using the latest wetting agents to provide the lowest surface tension for an improved filming properties while speeding up the dry-time providing sparkling clean and spotless glasses, dishware, and silverware.

Packaging: 25 L

## KM-4

### CONCENTRATED DELIMER AND SCALE REMOVER

Concentrated Descaler, delimer , brightener & milkstone remover , removes milk stone, hard water scale and rust carbon from stainless steel , glass and plastic surfaces. Formulated with food grade acid content for safer descaling applications of industrial dishwashers, coffee urns, steam tables, ice makers and other surfaces and equipment in commercial kitchens.

Packaging: 5 L

# HOUSE KEEPING

A spotless clean guest room & bathroom are the most important factors to influence your guest first impression and satisfaction level.

## HM-1

CONCENTRATED ACID BASE TOILET CLEANER DEODORIZER

Concentrated daily use toilet cleaner is designed to be reduced through dilution unit to produce a ready to use acid base toilet cleaner gel with advanced clinging properties to allow for optimal contact time, while the blend of acids and surfactants effectively removes scale, rust, urine salts, lime stains and hard water deposits from toilet bowls and urinals while leaving fresh topical fragrance.

Packaging: 1 L RTU / 5L / 25 L

## HM-2

CONCENTRATED BATHROOM CLEANER DEODORIZER

Concentrated hard surface cleaner/sanitizer is designed to be reduced through dilution unit to produce a ready to use bathroom/ hard surface cleaner/sanitizer. Clean all surfaces efficiently as it dissolves greasy and water soluble stains. Leaving fresh cleanfragrance, a concentrated blend of anionic and non-anionic surfactants that effectively and safely clean all resilient floors, walls, porcelain and chrome fixtures.

Packaging: 5 L / 25 L

## HM-3

CONCENTRATED GLASS CLEANER

Concentrated glass cleaner is designed to be reduced through dilution unit to produce a ready-to-use multi-surface glass cleaner. It contains powerful detergents and grease cutting amines, cuts grease, cleans rapidly and effectively.

Packaging: 5 L / 25 L

## HM-4

READY TO USE WOODEN/FURNITURE POLISH

Ready to use furniture cleaner/ polish cleans as it waxes and polishes. Buffs to a high luster when used regularly, gives new life and a high gloss finish to wooden furniture as it protects, it leaves wooden surfaces smelling citrus fresh and clean.

Packaging: 1 L - 5 L

# HOUSE KEEPING

## HM-5

CONCENTRATED SPACE DEODORIZER/ AIR FRESHENER

Concentrated space deodorant is designed to be reduced through dilution unit to produce a ready- to-use space deodorant. A blend of natural fragrances extracted from organic sources in a nonflammable carrier for use as a room deodorizer to against tobacco and smoke odors, urine, garbage, body odors, mildew and cooking odors while promoting long lasting deodorizing effect.

Packaging: 5 L / 25 L

## HM-6

DEODORIZING NEUTRAL FLOOR CLEANER

Low foaming multi surface free rinsing cleaner deodorizer it is designed for daily cleaning tasks to leave surfaces clean bright and streak free. Neutral pH characteristics will not dull surfaces even when applied sensitive substrates such as marble, terrazo and granite while leaving a fresh aroma.

Packaging: 5 L

## HM-7

BOWL AND PORCELAIN CLEANER, DISINFECTANT AND DEODORIZER

Ready to use mild acidic bowl and porcelain cleaner, descaler, scum remover, deodorizer and disinfect , it will efficiently clean and disinfect toilets, bath tubs, tile, porcelain, grout, fiberglass, and many other bathroom surfaces, its gentle formula makes it safe on chrome.

Packaging: 1 L - 5 L

## HM-8

LOW FOAMING CARPET CLEANING SHAMPOO

HM-8 is a low foaming carpet cleaner with outstanding penetrating properties, HM-8 is deigned to be applied by bonnet carpet cleaning systems. Ideal intermediate cleaning and complete renovation of carpets. HM-8 emulsifies dirt and soil, lifting them to the surface for easy removal.

Packaging: 5 L / 25 L

## VirusCide

DISINFECTING CLEANER WITH HYDROGEN PEROXIDE

- Kills %99.99 of germs
- Kills cold and flu viruses
- Cleans, deodorizes, and disinfects.
- Powerful foaming action cuts through mold and mildew stains.
- Disinfects with hydrogen peroxide.
- Leaves no residue.
- Fragrance free.
- Dye free.

VirusCide has demonstrated effectiveness against viruses similar to SARS-CoV2- on hard, non-porous surfaces. Therefore, Seventh Generation Disinfecting Cleaner with Hydrogen Peroxide can be used against SARS-CoV2- when used in accordance with the directions for use on the product label on hard non-porous surfaces.

Packaging: 1 L / 5L

# LAUNDRY

A bright clean and fresh lines play an important role in influencing your experience. our high-performance products are designed to keep your linens and towel bright, fresh and hygienically clean.

## LM-1

### LIQUID LAUNDRY BUILDER & DETERGENT

A powerful alkaline laundry builder and detergent that contains soil dispersants, suspending agents, alkaline builders and water conditioners for an improved soil removal LM-1 is a powerful soil/oil removal system when combined with an emulsifying detergent.

Packaging: 25 L

## LM-2

### LIQUID LAUNDRY DETERGENT

A high efficiency liquid laundry detergent for the main wash applications, it contains a selective blend of anionic and non-ionic soil penetrating surfactants, wetting agents, optical brighteners and anti-redeposition agents to provide powerful soil removing and optimum brightness.

Packaging: 25 L

## LM-3

### LIQUID LAUNDRY EMULSIFIER

A high performance liquid laundry emulsifier blended using high penetrating non-ionic surfactants and solvents specifically designed to powerfully emulsify oil, grease and fatty base stains from both natural and synthetic sources making it an excellent stain remover for kitchen uniform, table linen and work-wear.

Packaging: 25 L

## LM-4

### LIQUID LAUNDRY COLOR SAFE DESTAINER

A %35 liquid laundry colour safe bleach based on hydrogen peroxide for use in general laundry applications where the extra destaining power of oxygen bleach is desired on both whites and colored linen. Beside its brightening effect on whites, It is also effective as a disinfectant and antichlor.

Packaging: 25 L

# LAUNDRY

## LM-5

### LIQUID LAUNDRY CHLORINE DESTAINER

A %12 sodium hypochlorite bleach for use in general laundry applications where the extra destaining power of active chlorine is desired. It may be used as a soil removal aid or as a destaining presoak for blood and other difficult protein stains.

Packaging: 25 L

## LM-6

### LIQUID LAUNDRY SOUR

An acid base liquid laundry sour/ neutralizer with iron removing properties. This product does not contain fluorides or hydrofluoric acid. It is designed to remove iron oxide deposits from fabrics. Prevents and removes red spots, brightens yellowing linen and reduces pH to prevent browning when linens are ironed.

Packaging: 25 L

## LM-7

### LIQUID LAUNDRY FABRIC SOFTENER

A concentrated liquid fabric softener with anti-static and lubricating effect on fabrics allowing ease of ironing. LM-7 is specially formulated for use in commercial and on premise laundries to lubricate fabrics leaving them with a long lasting fresh fragrance.

Packaging: 25 L

## LM-8

### FABRIC FRESHENER

Fabric freshener to be sprayed in tumble dryer delivers excellent deodorizing effect and freshness to textiles.

Packaging: 1 L

# LAUNDRY

## LMP-1

LAUNDRY POWDER BUILDER

A concentrated, high alkaline powder laundry break/builder that contains soil dispersants, suspending agents, alkaline builders, and water conditioners. It is for uses in the Break/pre-wash cycle of commercial and industrial laundry. Effective for use on heavy grease/oil based stains.

Packaging: 25 Kg

## LMP-2

HEAVY DUTY ENZYMATIC LAUNDRY POWDER DETERGENT

A heavy duty enzymatic detergent, formulated with anionic and non-ionic surfactants, alkali builders, water conditioners, color safe oxygen bleach and optical brighteners for premium whiteness, especially suitable for extra heavy soiled linen with food and beverage stains in hotel and restaurants.

Packaging: 25 Kg

## LMP-3

LAUNDRY POWDER OXYGEN BLEACH

A Granulated oxygen bleach for use in laundry destaining applications where the extra destaining power of active oxygen is desired. It may be used as a soil removal aid or as a destaining presoak for blood and other difficult protein stains, effective from temperatures of 60 C, ideal addition for the main wash to improve bleaching effect and whiteness.

Packaging: 25 Kg

## LMP-4

LAUNDRY POWDER CHLORINE BLEACH

Dry chlorine bleach for use in laundry destaining applications ; transfers slowly into a constant quantity of chlorine to the bleaching bath. As it is less aggressive than liquid chlorine bleach less damages of the fibers and less formation of AOX arises. Ideal for intermediate bleaching treating stains of spices, blood, food and mould.

Packaging: 25 Kg

# LAUNDRY

## SPOTTING PRODUCTS

SPOTS AND STAINS REMOVING PRODUCTS

### BLOOD VANISH:

Removes: blood and food stains including chocolate, coffee, ice cream, ketchup, mayonnaise and sauces.

### INK VANISH:

Removes: ink, paint, pen and wax stains, in dry cleaning and laundry. Vanishes even stubborn oil based stains.

### RUST VANISH:

Removes: stubborn rust & metal stains.

### SPOT VANISH:

Removes: stubborn grease and oily stains including chewing gum, cosmetics, fatty food stains, glue, paint and wax.

Packaging: 1 L

## LAUNDRY DISPENSING SOLUTIONS

LAUNDRY DISPENSING SOLUTIONS

MATRIX offers a complete range of laundry dispensing solutions to comply with the size and type of your laundry operations, providing accurate dosing equipment, smart washing formula programming and advance reporting softwares to control your product consumption while monitoring your washing operations productivity and cost.

# PERSONAL CARE

Whether it is for your food service operations , healthcare establishment, showers area or public restroom facility , we offers a comprehensive line of products for your needs.

## B-SAFE

ALCOHOL HAND GEL SANITIZER

B-SAFE is a waterless ethyl alcohol base hand gel sanitizer for the disinfecting and decontaminating of hands, B-SAFE kills 99.99% of germs rapidly such as bacteria, viruses, and fungi , it evaporates quickly and leaves hands soothed and refreshed, without drying, leaving no harmful or sticky residue.

Packaging: 500 ML / 1 L / 5 L

## BUBBLY

MOISTURIZING FOAMING HAND WASH

Antibacterial foaming hand wash, is a blend of cosmetic grade cleansers and lotion agents, it produces a thick lather of foam designed for the cleansing of hands efficiently leaving it soft, fresh and germ free, very economical as the foam dispenser consumes %50 less quantity than liquid soap dispenser.

Packaging: 1 L / 5 L

## ROSY

MOISTURIZING LIQUID HAND WASH

A moisturizing liquid hand wash formulated using a blend of cosmetic grade surfactants specifically formulated for the cleansing of hands, gently and efficiently. While protecting the invisible micro thin protective skin oils from the hands.

Packaging: 1 L / 5 L / 25L

## BLUEY

ANTIBACTERIAL LIQUID HAND WASH

Anti-bacterial liquid hand wash is a blend of cosmetic grade surfactants specifically formulated for the cleansing of hands, gently and efficiently, leaving it germ free, while moisturizing the skin leaving it soft and fresh, while protecting the invisible micro thin protective skin from the hands.

Packaging: 1 L / 5 L / 25L

# DISPENSING SOLUTIONS

Reliable dilution equipment to accurately dilute & safely dispense solutions at a controlled & predictable budget.

## DISPENSER PUMP

A heavy duty pump dispenser, delivers an accurate 30ml amount of product each pump, allows a safe & efficient manual dilution. Compatible with Hugiien, U.S standard 20 Liter pails and 4 liter gallons, comes with an extra fitting adaptor to fit Hugiien European standard 5 Liter and 25 Liter gallon.

## SPRAY BOTTLES

**Spray Bottles:** A 750ml marked polypropylene spray bottles offers chemical compatibility and durability.

**Spray Bottles Trigger:** A deluxe spay trigger, delivers a mist spray or stream/jet spray, of product into the surface or in the air.

## PUSH PUMP DISPENSER

A heavy-Duty push-pump-dispenser, simply push the pump once and the desired chemical is effectively and effeciently dispensed into the container or sink compartment.

## ProMax

A chemical proportioning mechanical system that mixes chemical with water accurately and safely, Surpasses all magnet activated proportioners for simplicity and adaptability to all cleaning applications.

## HyClean

A mechanical cleaning and sanitation system that automatically dilutes and dispenses concentrated cleaning products into a ready-to-use solutions. Dispenses two products among a full volume rinse.

HyClean dispenses a multi-function form of fan spray, foam, rinse and powerful jet spray for your heavy duty jobs, connected with a deluxe 15 meter long hose.

Beyond question HyClean is a 4 in 1 machine that delivers a fast, safe and clean job.

# RESTROOM CARE

We recognize the public restrooms as the single most exposed zones to prove your cleanliness and demonstrate a comfortable experience.

## REFILLABLE SOAP DISPENSER

REFILLABLE HAND SOAP DISPENSER 1000ML

Elegantly designed and robust PUSH type refillable soap dispenser, 1000ml capacity, top opening and removable container for easy cleaning and refilling; Clear transparent viewing window for checking level of soap. High quality rigid ABS housing, lockable High capacity for less refilling intervals.

## REFILLABLE SOAP DISPENSER

REFILLABLE HAND SOAP DISPENSER 500ML

Deluxe refillable soap dispenser is PUSH type dispenser manufactured from the highest quality of aluminum with a Capacity of 500ml, wide top opening container for easy cleaning and refilling, Clear side viewing window for checking level of soap.

## REFILLABLE FOAM DISPENSER

REFILLABLE FOAM SOAP DISPENSER 500ML

Elegantly designed and robust PUSH type refillable soap dispenser, compact designed with 500ml capacity, top opening and removable container for easy cleaning and refilling; Clear transparent viewing window for checking level of soap. High quality rigid ABS housing, lockable.

## REFILLABLE FOAM DISPENSER

REFILLABLE FOAM SOAP DISPENSER 1000ML

Elegantly designed and robust PUSH type refillable soap dispenser, compact designed with 1000ml capacity, top opening and removable container for easy cleaning and refilling; Clear transparent viewing window for checking level of soap. High quality rigid ABS housing, lockable.

# RESTROOM CARE

We recognize the public restrooms as the single most exposed zones to prove your cleanliness and demonstrate a comfortable experience.

## SWIFT FOAM

PUSH-DOWN FOAMING DISPENSER

Swift push-down foaming dispenser is a simple and durable pump-type refillable dispenser manufactured from the highest quality of ABS and PE with a Capacity of 1000 ml SWIFT FOAM is designed for easy cleaning and refilling.

## SWIFT SOAP

PUSH-DOWN LIQUID SOAP DISPENSER

Swift push-down liquid soap dispenser is a simple and durable pump-type refillable dispenser manufactured from the highest quality of ABS and PE with a Capacity of 1000 ml SWIFT Soap is designed for easy cleaning and refilling.

## SPRAY MAGIC DIGITAL

CONTINUOUS ACTION AIR FRESHENER DISPENSER

Aerosol air freshener dispenser programmable with a digital screen. Power switch display - Set Spraying by minutes and days selection option. Can fit 300ml Aerosol can, two AA cell battery design with lock and key on refill compartment High quality PP housing. Wall plug, screw pair, Grey and White color.

## LINEN FRESH

CONCENTRATED AEROSOL AIR FRESHNER

Concentrated aerosol air freshener spray cans, for the public restrooms, guarantees a long lasting fresh fragrance, compatible with both of our programmable Aerosol dispensers SD-022 and Spray Magic Digital.

# FOOD & BEVERAGE PRODUCTS

# FOOD & BEVERAGE

Providing a complete line of high performance biodegradable cleaners , sanitizers and conveyor track lubricants to secure hygienically safe food & beverage production operations.

## MOUSSE LINE

HIGH FOAMING ALKALINE CLEANER DEGREASER

A high foaming alkaline base cleaner degreaser formulated with high foaming wetting agents, emulsifiers and sequestering agents for effective removal of fat, grease, protein and sugar soil commonly found in food processing equipment and plant using suitable water /air pressured foaming equipment.

Packaging: 25 L

## ACIDIC FOAM

HIGH FOAMING ACIDIC CLEANER DESCALER

A high foaming phosphoric and citric acid base detergent cleaner formulated with high foaming wetting agents/emulsifiers and sequestering for effective removal of water hardness scale , milkstone , rust and other mineral deposits commonly found in food processing equipment and plant using suitable water /air pressured foaming equipment

Packaging: 25 L

## MOUSSE QUAT

QUATERNARY TERMINAL DISINFECTANT AND RINSE FREE SANITIZER

A concentrated terminal disinfectant and rinse free sanitizer based on a synergetic blend of quaternary ammonium compounds providing optimum anti-microbial activity against Bacteria, Fungi, Yeast and Moulds

Packaging: 25 L

## MOUSSE KLOR

HIGH FOAMING CHLORINE CLEANER DISINFECTANT

A high foaming chlorine base detergent disinfectant providing premium cleaning, deodorizing and disinfecting properties against micro-organisms including bacteria, yeasts, fungi and viruses.

Packaging: 25 L

# FOOD & BEVERAGE

## LINE PLUS

FOAMING ALKALINE BASE CLEANER DEGREASER

Line Plus is a foaming alkaline base cleaner degreaser formulated with premium wetting agents, emulsifiers for effective removal of heat-modified fat, grease, protein and sugar soil commonly found in food processing equipment such as industrial ovens, smoking cabinets and industrial fryers due to its excellent decarbonizing properties

Packaging: 25 L

## ACIDIC CIP

DEFOAMED ACIDIC CLEANER DESCALER

A defoamed phosphoric acid base CIP cleaner descaler combining premium wetting and sequestering agents designed for effective removal of scale and milkstone deposits in circulation cleaning applications. May be used in various CIP, COP and spray wash applications found in food, beverage, dairy and poultry industries.

Packaging: 25 L

## PEROXY

SPORICIDAL TERMINAL DISINFECTANT & RINSE FREE SANITIZER

A concentrated disinfectant and rinse free sanitizer peracetic acid and hydrogen peroxide disinfecting agents to provide optimum protection and broad spectrum anti-microbial activity against bacteria, bacterial spores, viruses, fungi, yeast and moulds found in food & beverage processing establishments, slaughter houses and Livestock farm Industries.

Packaging: 25 L

## MULTI CIDE

SPORICIDAL TERMINAL DISINFECTANT

A concentrated sporicidal terminal disinfectant formulated with a synergistic blend of quaternary compounds and glutaraldehyde disinfecting agents to provide optimum protection and broad spectrum anti-microbial activity against bacteria, bacterial spores, viruses, fungi, yeast and moulds found in food processing establishments, Slaughter Houses and Livestock farm Industries.

Packaging: 25 L

# FOOD & BEVERAGE

## Iodine %10

VETERINARY ANTISEPTIC SOLUTION

Iodine %10 is a topical antiseptic solution for degreasing skin and preventing bacterial infection. It is designed to be used at full strength for pre-operative prepping of skin and mucous membranes and for emergency antiseptics of minor lacerations, abrasions, and burns in livestock applications such as cows and cattles, in addition to companion animals, including dogs, cats, and horses.

Packaging: 25 L

## Iodine 2.8

P-IODINE 2.8 % SOLUTION DISINFECTANT & GERMICIDAL

P-Iodine 2.8 is nonirritant disinfectant, has high efficacy against bacteria, viruses (Newcastle, IB, Avian influenza) parasites, fungus, and yeasts. It is recommended for foot and mouth diseases, foot rot in sheep and ringworm in cattle, for cleaning and disinfecting cages, kennels and surgical equipment and is used in mastitis-control programmes for udder washing before milking and treat-dipping after milking.

Packaging: 25 L

## NATURAL LUBE

SOAP BASE, GLASS, PET & ALUMINUM CAN CONVEYOR TRACK LUBRICANT

NaturalLube biodegradable ingredients are non-Toxic and safe for the food and beverage industry, they are carefully formulated to be suitable for PET bottles on plastic conveyor tracks to deliver superior lubricity while it reduces the risk of PET stress cracking.

Packaging: 200 L

## SYNTO LUBE

SOAP FREE, GLASS, PET & ALUMINUM CAN CONVEYOR TRACK LUBRICANT

Syntolube ingredients are non-Toxic and safe for the food and beverage industry, they are carefully formulated to be suitable for PET bottles on plastic conveyor tracks to deliver superior lubricity while it reduces the risk of PET stress cracking.

Packaging: 200 L

## QUATECH

TERMINAL DISINFECTANT AND RINSE FREE SANITIZER

QuaTech is a concentrated terminal disinfectant and rinse free sanitizer based quaternary ammonium compounds to provide optimum antimicrobial activity against bacteria, viruses, fungi, yeast and molds. QuaTech ensures effective terminal disinfection and rinse free sanitation applications, it is specifically designed for open plant cleaning and disinfecting applications on all surfaces and equipment found in food, beverage, dairy and poultry industries using a suitable of water /air pressured foaming equipment.

Packaging: 25 L

# TISSUES PRODUCTS

# FACIAL TISSUES

Our facial tissues are engineered with our patented SteriPro technology, which guarantees the highest levels of sterilization and hygiene.

## 100 x 2 Plies

Product Code: ES-101019000131

**%100  
VIRGIN  
PULP**

Our facial tissues are engineered with our patented technology, which guarantees the highest levels of sterilization and hygiene. We have also included a brand-new feature, Cotton-In, embedding real cotton into the facial tissues for a feeling of unparalleled softness.

### Product Features

Inner Packaging:	Pack of 30 boxes
Outer Pack Material:	
Warping:	Pack 30 boxes
Tissue Dimension:	Tissue Length: 210 ± 3mm Tissue Width: 208 ± 3mm
Number of Sheets:	100 Sheets
GSM:	14
Tissue Weight(gm):	183 g ± 5%
Plies:	2 Plies
Fiber:	100% Virgin Pulp
Embossing:	No Embossing

## 60 x 2 Plies

Product Code: ES-10101800097

**%100  
VIRGIN  
PULP**

Our facial tissues are engineered with our patented technology, which guarantees the highest levels of sterilization and hygiene.

# HAND TOWEL

Our hand towels are engineered with our patented Waterproof technology, that disintegrates the tissues once flushed, avoiding any drain clogging.

## AutoCut Hand Towel, 150M

Product Code: ES-10601100012

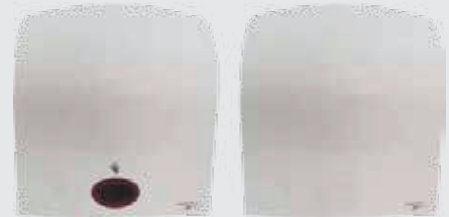

Product Features

Dispenser Code: 11204000001

Ideal for busy washrooms like universities, malls, airports and large offices

Inner Packaging: 6 Rolls  
 Outer Pack Material: Nylon  
 Warping: 6 Rolls wrapped  
 Roll Dimension: Core diameter = 50 mm  
 Roll Diameter = 5 ± 175 mm  
 Roll Width: 197 mm ± 2 mm  
 Roll Length: 0.5 ± 120 Meters  
 GSM: 40  
 Roll Weight(kg): 964 g ± %5  
 Plies: 2 Plies  
 Fiber: %100 Virgin Pulp  
 Embossing/textured: Flower Embossed and Lamination (Double embossed)  
 Perforation: Without

Power Supply Method

Color: White  
 Dispenser Dimensions: Height: 38 cm  
 Width: 28.5 cm  
 Depth: 23.5 cm

## AutoCut Hand Towel, 130M
